OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

SOLD OUT.—The St. Albans Foundry Company seem to have done an excellent business in the manufacture and sale of the Buckeye Mower this season. We are indirectly informed that their sales for the present season amount to about \$25,000, and that so closely have sales followed manufacture that they have collected in all machines unsold, in the hands of agents, and that the same have been sold in this vicinity, so that they have only two or three on hand at this time.

PELAGIUS the District Committee in this Third Congressional District are in danger of forgetting that in September next the freemen of this District will be called upon to choose a member of Congress. The Convention for nominating a candidate in the first Congressional District, to be held at Rutland, August 5th, was called by the appropriate Committee some weeks ago.

PERSONAL.—We understand that William Henry Hoyt, Esq., of Burlington, is the business and managing editor of the "Catholic World," a monthly publication issued in New York City which is an able expositor of the distinctive doctrines of the Roman Catholic Church. Mr. Hoyt possesses both the ability and experience necessary to the thorough and acceptable discharge of the duties of this commanding and responsible position.

Mr. Lucius H. Goff, of St. Albans, has been appointed Deputy Collector of Internal Revenue for the 3d District of Vermont; an appointment which will not interfere with his duties as Inspector of Customs. It is unnecessary to remark that Mr. Goff enjoys the reputation of having been a vigilant and thorough Officer of the Customs and he will no doubt do equally good service in the Internal Revenue department.

THE Present post office address of the Rev. J. Q. Bittenger is Massena Springs, N. Y., where he has gone in quest of health and rest.

AT HOME AND ABROAD.—Such is the title of a handsomely printed and illustrated sixteen page weekly paper recently started in New York, and received by us. The publishers are Francis Hart & Co., 63 Courtlandt Street, and the price is six cents a number, or \$3.00 per year. It is really a well got up and well managed paper, and ought to succeed, and no doubt it will as it commences with deserving success.

FRANKLIN CO. UNION AGRICULTURAL SOCIETY.—The farmers of the towns of Berkshire, Enosburgh, Montgomery and Richmond, who are associated in promoting their interest in the society of the above name, will meet in an annual fair at Richmond, September 9th and 10th, 1868. O. L. Kelton, of Montgomery, is President of the association, and J. K. Hamilton, Secretary.

LANOILLE COUNTY.—We notice by the Lamoille Newsdealer that there is quite a little quarrel raging there over the question of who shall be Senator this fall. There seem to be three candidates, Mr. Hendee, the present Senator; Mr. H. H. Powers, of Morrisville; and Mr. Camp, of Stowe, who is a brother of our townsman, H. Camp, Esq. The Newsdealer goes in against the renomination of Mr. Hendee, who has had the office two terms, we believe. In the melee it looks to us as if Mr. Camp stands a good chance of coming in ahead, as not being in the fight. He would make a good Senator.

SEIZURE OF ARMS.—The London Times of July 5th says it is stated "that the Federal authorities have seized Federal arms en route from St. Albans to New York."

BENNINGTON COUNTY.—The other day a son of John Gordon, of Winhall, aged 4 years, was missed, and after several hours search his body was found within the wheel that runs A. P. Graham's mill. It is supposed that he fell into the flume, and was carried by the water into the wheel. His skull was worn through to the brain, but otherwise the body was not badly mangled. The wheel was running about three hours after the child was last seen.

P. P. D.—Try a box of P. P. D. Toilet article—superior to Cologne, and at half the price. 220-2w

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne, and at half the price. 220-2w

THIRD ANNUAL TOUR OF THE GREAT METROPOLITAN INSTITUTION

Permanently established during the present portion of the year in a splendid Hall in the City of New York, which is well known throughout the country as the

Leading Circus of America

And which, the present season, with its NEW AND MAGNIFICENT FEATURES,

Never before presented in America, will be enabled to offer entertainments of marked originality and exciting interest, for expressing any thing hitherto witnessed on this side of the Atlantic. The public appreciation of the performances given by the New York Circus, not only in the City of New York, but also during its former summer excursions, has stimulated the management to new and novel excursions, and it is confidently asserted as beyond the power of credulity, not only that the performances of the Troupe during its present tour will be found superior to any ever given in this country, but that the company is in all respects

THE BEST IN THE WORLD!

There being no Equestrian Establishment in all Europe comprising so many first-class artists, or so

many entirely novel and strikingly effective specialties as this. First season in America of the CAROLINE HOLLAND, the Phenomenal Equestrienne, who surpasses the most daring feats accomplished by other lady riders on a pad, upon a horse with out saddle, or bridle! This extraordinary artist was engaged in England at enormous expense by no agent sent thither for the purpose of securing the best lady rider in Europe, and only arrived in this country in April. Her astounding performance upon a Black Steed, (drawn into the shade all previous displays of female Equestrianism seen in the United States and cannot be paralleled in any exhibition in Europe or America. Included in the brilliant array of

World Renowned Artists
Attached to the New York Circus will be found the names of Robert Strickley, the Great American Back Rider; the Grand Brothers, Champion Gymnasts of the World; William Burton, the intrepid somersault rider, with his infant son, Arthur the Rambling Family, who have no equals in any country in the Circus School of gymnastics; 41 Nino Bello, the Boy Wonder, who although a mere child, surpasses Bello in difficult feats upon the Tight Rope. Herbert B. Williams, the greatest of English Clowns, engaged in London expressly for the present travelling season together with the greatest force of Dancing Back Riders, Accomplished Acrobats, Chinese Gymnasts, Comical Clowns, Slack Rope Vaulters, Practice Masters, Equilibristes, Voltigeurs, Tambores and Pantomimists. Ever brought together in this country, involving a greater Expedition, for raising them in any form of travelling companies, and embracing more first class Artists than can be found in any Circus in the World. First season in America of the

TROUPE OF PERFORMING DOGS!

From London and Paris. The largest and best stud of beautiful and highly trained PERFORMING HORSES AND PONIES

And the most brilliant wardrobe, (cappings and appointments to be found in Europe or America. The Programme of performance arranged for the present season will be distinguished by novelty, variety and stirring merit, including many entirely new acts, never before given in this country, with others that are original with and peculiar to the New York Circus, and can be witnessed in no other establishments all the vast resources of this magnificently appointed establishment will be called into requisition, every entertainment to furnish a display

Dashing Horsemanship and Classic Olympic Games!

Which for Novelty, Variety Elegance and exciting interest will be found infinitely Superior to anything of the kind hitherto witnessed in America.

The Entire Mammoth Troupe

From the New York Circus, in Fourteenth Street, New York, will appear at every performance.

Prof. Charles Boswood's Opera Band, From New York, accompanies the Troupe. This company travels entirely by railroad, on special trains chartered for the purpose, and consequently the performers and horses come into the town fresh and active, instead of being jaded and worn down by wearisome night travel over rough roads.

General Agent For Vermont.

ST. ALBANS, VT.

At the present time there is much competition among Life Insurance Companies, and many agents are far too regardless of the truth, in statements when soliciting for risks, hence it is all important for persons intending to insure their lives, to insure only with agents whom they know to be reliable, again it is always most satisfactory for parties desirous to have their risks with Local agents, then there is no difficulty or danger of loss in transmitting premiums. Persons intending to insure their lives will find it for their advantage to see the agent of the Guardian Mutual before insuring elsewhere. 43-41-42-221-4w

PHILADELPHIA, 18.

A despatch from Pottsville, Pa., states that all is quiet there. The strikes however still continues, but the men are orderly, no further riotous demonstrations are looked for. The gas company in this city has acceded to the demands of the workmen for an increase of 25 per cent. and the men will go to work in August.

NEW YORK, 18.

Port au Prince advices of the 10th inst. state that Salnave has proclaimed himself Emperor and denied banishment to any who sought refuge of foreign consuls, giving them three days to leave or be treated as bandits; 60 have taken refuge on a vessel. A small town had been taken by the rebels, but they had subsequently been driven off. The fortifications of Salnave kept up a fire on the besiegers' camp. Two towns in the South have been captured by the Coloz, and they were about to attack Jacmel.

NEW YORK, July 18. Noon.

There are indications of another hot day, thermometer 85°. St. Louis despatch says that the number of deaths for the week were two hundred, of which 32 were from cholera infantum, 11 from sunstroke. The weather in that city to-day, 17th, is hotter than ever, thermometer 100° to 108° in the shade—the same intense heat prevails throughout the west of here. There were 4 cases of sunstroke in Indianapolis yesterday. There were 25 cases of sunstroke in Cincinnati on Thursday, 10 fatal, 9 on Friday, 8 being fatal. There were two cases of sunstroke in Chicago yesterday.

NEW YORK, 18.

Gen. Grant, Sherman and Sheridan were entertained by the Leavenworth Social Club yesterday, and in the evening attended a levee at Gen. Sheridan's house at Fort Leavenworth. Despatches from Iowa and Wisconsin represent the crops as excellent.

NEW YORK, July 18.

At a meeting of masons last evening resolutions to continue firm against the striking bricklayers were passed. It appears that work is suspended on 125 large buildings in this city in consequence of the strike, and that 3000 laborers and mechanics are kept from work by the non-working of the bricklayers. At a meeting of the bricklayers last evening, it was announced they had secured contracts to finish six large unfinished buildings and negotiations are pending for many more on the co-operative plan.
